HUNDREDS OF MILLIONS WASTED?—House investigators told Congress that the Army spent hundreds of millions of dollars over the past seven years to build 62-ton T-43 tanks (above) that might be worthless in an atomic war. It said the "delivery dates were not met and the tanks were not acceptable for service." The group called for an investigation of production schedules and spending by the Chrysler Corporation, manufacturer, and the Army.

Nazi Plot Bared To Put Windsor Back On Throne

Britain Says Former
Ruler Never Wavered
In Loyalty To Crown

WASHINGTON (AP)—A grandiose Nazi plot in 1940 to put the Duke of Windsor back on the British throne—at a price—has been revealed in top-secret German documents captured by the Allies and just made public.

The papers are among 415 German messages and reports unsealed Wednesday night simultaneously by the U.S. State Department and the British Foreign Office.

Never Wavered In Loyalty

The British government labeled the documents as "necessarily a much tainted source." It said Windsor "never wavered in his loyalty to the British cause." The duke called the part about him "complete fabrication and gross distortions of truth."

The German documents cover the period June 23-Aug. 31, 1940. France had fallen in a six-week blitzkrieg. Britain braced for invasion. The United States was divided—intervene or stay out? A prime aim of Adolf Hitler's policy was to keep America neutral.

In the papers, published as part of an historical project to illumine Hitler's years, 1933-45, Foreign Minister Joachim von Ribbentrop emerges as the mastermind of the Duke of Windsor plot. Ribbentrop later was hanged as a war criminal.

The plot, as recited by Ribbentrop, went this way:

Enticed To Spain

The duke and the duchess were to be enticed to Spain. Once there, held by force if necessary, they were to make a proposition. It was this: Denounce the duke's brother King George and then Prime Minister Churchill. Appeal to the British people to surrender. In exchange, the duke and "the woman I love" for whom he gave up the throne in 1936 became king and queen of a British dominion.

Nothing in the record suggests any direct German contact with the duke. It was all done apparently through Spanish and Portuguese intermediaries.

Edward and Wallis, as they were popularly called in those days, were en route to the Bahamas where he was to be British governor. They stopped off in Lisbon, staying at the home of a friend, Portuguese banker Ricardo de Espirito Santo Silva.

Made First Contact

A go-between made the first major contact. He was Spain's interior minister, Ramon Serrano Suner, a close friend of the duke and brother-in-law of Spanish dictator Francisco Franco. The documents indicate Franco approved the whole idea.

An emissary from Serrano Suner invited the duke and duchess to a visit. He tempted them with a promise of "important information affecting the person of the duke."

Elaborate plans were made to get the couple across the border. Portuguese border guards were to be "won over" and guarded auto-

State To Submit New Street Offer

Equally Nerry Trooper Clears Path

Trucker Drives Brakeless Vehicle Down Mountain Road At 85 m.p.h.

UNIONTOWN, Pa. (AP)—A truck driver who skillfully drove his brakeless vehicle at an 85 miles an hour down a curving mountain road without denting a fender said today he's mighty lucky to be alive.

State Trooper Reu Silbaugh, a man with nerves to match those of Glenn Switzer of Fairmont, Neb., agreed with Switzer. So did nearly a score of motorists who scattered out of the path of the truck, carrying 40,000 pounds of sugar from Baltimore to Chicago Wednesday night.

He Was 'Really Rolling'

Switzer, 28, had just started to descend the three-mile Summit Mountain hill on Route 401 when his clutch failed. Then his brakes

failed. By this time, he said, he was "really rolling."

Just then, Trooper Silbaugh came along on routine patrol—in the opposite lane of traffic. He quickly swung his car around, sped past Switzer's rolling truck and kept his siren roaring. Motorists scattered.

"I was thinking about jumping a couple of times but then I looked at the speedometer," Switzer related. "The last time I looked I was rocking along about 85 miles an hour and I just said to myself: 'Man, you're crazy if you jump.' So I decided to ride her out."

Trooper Silbaugh breezed into the little community of Hopwood at the bottom of the hill and had everyone out of the way when the tractor-trailer roared into town.

"I had brushed my truck against the hillside a couple of times and slowed her down to about 70 miles an hour," Switzer said. "When I got into Hopwood there was a little grade and that slowed me up. Then I saw a muddy path alongside of the road and I just pulled over and stopped."

Switzer, father of five children, collapsed and was treated for shock.

"Hell, I was scared, but I'll be driving my truck again," he said. "Nothing like this ever happened before. The trooper told me I was damn lucky and I agree. That guy did a wonderful job in clearing the path for me."

Center Paving To Include Taper Course At Sides

Legislation Being
Forwarded For City
Council's Approval

Mayor Dean B. Crammer reported today that the State Highway Department is going to present City Council with new legislation on the resurfacing of State, Mill and Newgarden Streets.

Exactly what the new legislation proposes is not known but William Quicksall, division engineer for the State Highway Department, indicated it will call for the paving of the thoroughfares 10 feet on either side of the centerline of the street and then the application of a four-foot taper course at the side.

If this is done, the city undoubtedly will have to apply a chip and asphalt treatment near the curbs as a final sealer.

Earlier this week the highway department said it would not share 50 per cent of the costs of repaving the streets unless the city removed parking permanently from the streets. The state's action to initiate new legislation grew out of protests by Mayor Crammer and Council that the state had not nothing in their original agreement that parking be banned.

The original agreement between the city and the state stipulated that the state would share 50 per cent of the costs. The state would pay \$23,290 of the total \$38,580 estimate but the city would pay only \$21,790 of the \$29,290 because the county commissioners had agreed to pay \$7,500 toward the project.

On Tuesday Quicksall said that unless parking is removed on the three streets, the state would pay only 50 per cent of what is considered the roadway portion of the streets and the city would have to assume the full cost of the additional 16 feet. The state considers eight feet on each side of the street as parking area.

The new legislation which may reach Council by the time of the regular meeting Tuesday, calls for

Seven New Candidates Seek Offices

The Columbiana County Election Board today listed seven new candidates for the Nov. 5 general election.

Three candidates filed simultaneously for seats on the East Palestine Board of Education. They are Frank W. Springer, former Columbiana County Prosecutor, J. Harry Andruss and William S. Fullerton.

Other new candidates are: Simon C. Hall for Liverpool Township clerk, William H. Metrick for West Township trustee, Glenn Otto for Leetonia Village Board of Education and Norman Wright for Middleton Township trustee.

Meanwhile, county commissioners certified to the election board a resolution asking a ballot place for a vote on a two-thirds mill levy designed to produce funds to overcome a financial crisis in the general health district. It is expected to produce \$16,000 annually in its three-year life.

The general health district includes all the area outside of East Liverpool, Wellsville, Salem and East Palestine. The county's four cities operate their own health services.

It boosts to 34 the number of special questions or issues filed or anticipated for the fall election from the county and cities, villages, townships and school districts. Four proposed amendments to the state constitution will raise the total to 38, Frank R. O'Hanlon, clerk, explained.

Bliss Earnings Up First Half

Report Reflects
Operating Economies

Earnings of E. W. Bliss Co. for the six months ended June 30 exceeded those for the comparable 1956 period on approximately the same sales volume, reflecting in part the operating economies resulting from new equipment installed during the company's recent plant improvement program, the company reported today.

Sales for the first six months of 1957 amounted to \$39,994,755 as compared with \$40,179,662 for the 1956 period. Profit before provision for federal income taxes was \$3,331,609 as against 1956 first half pre-tax earnings of \$3,124,273.

Net income, after taxes, totaled \$1,500,016, or \$1.58 per share on the 1,004,837 shares of common stock outstanding as of June 30, 1957, as compared with 1956 net earnings of \$1,487,273, or \$1.48 per share, calculated on the same number of shares.

Sales of E. W. Bliss Co. for the second quarter ended June 30 totaled \$18,713,392, compared with sales of \$21,544,595 in the comparable 1956 period.

The backlog of unfilled orders June 30 was slightly in excess of \$40,000,000 as compared with \$48,400,000 at March 31, 1957.

The Rolling Mill Division here and Mackintosh - Hemphill Division both have a substantial backlog of orders which will insure capacity operations for these divisions for the foreseeable future.

Total new orders placed for presses with the industry in 1957 are running at less than 50 per cent of the orders placed in the same period of the two preceding years. While the company is getting a greater portion of the available business than in those years, it is not enough to maintain the backlog and the company's press plants are operating on a reduced schedule, it is explained.

Examiner Goes To Dover After Making Partial Audit Here

State Auditor James A. Rhodes today said that the audit of the Salem city offices has been postponed and F. T. Orange, who has been conducting the local examination, has been reassigned to Dover.

Rhodes said that immediately prior to coming to Salem, Orange had conducted a special examination of Dover offices. The results indicated that a complete audit is necessary, Rhodes said.

Before leaving here Orange concluded an examination of the mayor's office. His work papers have been sent to the Bureau of Inspection and Supervision of Public Offices in Rhodes' office at Columbus to be prepared in report form.

The state auditor said that, if possible, Orange will return to Salem at an early date to continue the local audit. Rhodes indicated, however, that in the event the Dover examination indicates that it will be time consuming, another examiner from the Bureau may be assigned to Salem in order to expedite the local audit at an early date.

Hemlines Almost Forgotten

Necklines Fall, Sheaths Hug Hips In Dior Styles

PARIS (AP)—Wolf-whistle bosoms and slack waisted, hip-bugging sheaths set the pace in fashion czar Christian Dior's New "spindle-line" collection shown this morning.

Hemlines were almost forgotten

as necklines fell. Actually the hemlines are a modest mid-calf, or perhaps 15 inches from the floor.

That's shorter for Dior, who liked them long last season. It ranges him with the conservatives this time, for half the houses have shown them just covering the knee.

A new half-shell bra, strapless, backless and without fastenings, permits the most eye-popping décolletage to be seen outside the Folies Bergere.

It appears only for cocktail and evening. Most daytime bosoms are far too flat to deserve the name. The great mystery is how Dior can create opposite effects with the same girls in the same show. Suits and dresses look tacked to the tummy and loose in the back. But both short and long formal sheaths are innocent of any waistline at all—while they grip the hips and hug the legs.

Sarong dresses for cocktail time and evening wrap the figure and fasten with a bow under one breast.

Straight out of the 1920s are beaded sheaths and even one bead-tinged sheath. One model twice had to get help to disentangle her heels from the hem fringe of a hobble-tight floor-length sheath of black velvet.

The end of the show, heavily applauded throughout and especially with the appearance of cocktail- and evening clothes, brought enthusiastic hand-clapping from the audience. However, Dior's top mannequin, exotic Alla, broke out in nervous tears as she paraded the next to last ball gown.

The spindle line brings a long waisted look back. A loose middle and nipped in hemline account for the spindle shape.

Again, black is queen of the day, but Dior's other colors are wonderful—coral pink, ruby red, watery to lacquer blue, emerald green and old gold.

Bloused-over tops sometimes make it difficult to tell at a glance if a garment is coat, suit, or dress.

New City Patrolman Assumes Duties

Wayne A. Filler, 29, of 393 S. Lincoln Ave. will assume his duties this evening as a patrolman with the Salem police force, replacing former patrolman William G. Ritchie who resigned last week.

Filler was sworn in by Mayor Dean B. Crammer following his appointment by Safety Director Richard McConnell. Filler had taken the civil service exam for the job last November.

He previously was employed by the E. W. Bliss Co. for six years as a boring mill operator. He is a member of the local Civil Defense Corp. and the Independent Hose Co.

Filler is married to the former Miss Shirley Ezenour of Salem. They have three children, Robert, eight; Gerald, six; and Judith, two.

Ritchie had been with the force since Sept. 1, 1954 after the city had authorized an increase in the department. He had been on night duty. He gave no reason for his resignation.

Two-Day Registration Is Set

New Swim Classes For Children Are Planned

Registration for free children's swimming classes will be held Friday and Saturday from 1 to 9 p.m. at the Centennial Park Pool office, Lee A. Burton, superintendent of parks and playgrounds, announced today.

The classes will begin Monday and run daily except weekends through August 23 from 9 to 12 a.m.

Instruction is being sponsored by the Salem Red Cross chapter and the Salem Park Commission. Burton says that consent blanks must be signed by children's parents at the time of registration so that a child may be allowed to swim.

The classes are the third and last set of classes to be offered this summer, Burton explained. The following classes will be given:

Barnett's Drive-In Dining room open 7 a.m. till midnight. Curb service 5 p.m. till midnight. Ad.

Remember Dairy Queen Chocolate Day Thurs. at your local store, Cor. W. State and Georgetown Rd. Ad.

Real Charmers

By EDDY GILMORE
For Hal Boyle

LONDON (AP)—Britain's royal family is one of the greatest sales teams in the world.

Its garden party this week for 5,000 Americans—3,000 members of the American Bar Assn. and their relatives—was a demonstration of compelling advertising for Britain.

Two hours' exposure to Queen Elizabeth II, the queen mother, Prince Philip, the princess royal and the Duchess of Kent made some of the Americans ecstatic. Cecil E. Burney, of Corpus Christi, Tex., called the queen "a honey."

Said Charles N. Rhyne, District of Columbia, new president of the American Bar Assn.: "She's just like a Dresden doll. The queen mother is the most regal person I've ever seen in my life."

"And the prince," broke in Mrs.

Rhyne, "he's just so handsome." Said Mrs. Herbert Brownell, wife of the U.S. attorney general:

"She's the Queen magnificent. She's heavenly. And he—He's so handsome."

John Ranck, of Lancaster, Pa., smiled broadly.

"She's a real doll," he said, "and the prince is a charmer." Mrs. Nora Snyder, of Kansas City, took a deep breath.

"I was just thrilled, absolutely thrilled to meet the prince."

The Americans who spilled out over the Buckingham Palace lawn made no secret of the fact that they came to see, meet and, if possible, talk to members of the royal family.

Mrs. Benjamin Roth, of Youngstown, Ohio, told the queen:

"We have a daughter who is

just like you. People are always saying she could be your twin sister."

"A wonderful, wonderful family," nodded Judge Thornton G. Berry, of Welch, W. Va.

Palace officials selected in advance a number of Americans to be presented to the royal family. Others just introduced them selves.

Wave after wave of admiring Americans ignored the palace officials, broke ranks, surrounded the queen, the prince and the queen mother.

There was only one disappointing feature—the absence of Princess Margaret.

A friend said she stayed away for fear the Americans, in their frank friendliness, might have asked Margaret too many questions.

Cooler Than Usual Predicted For Ohio Next Thirty Days

WASHINGTON (AP)—The Weather Bureau predicted drought-breaking rains during August in most areas east of the Appalachian Mountains.

It also said in a 30-day outlook that it will be cooler than usual for the season during the next month in much of the east and northwest.

The bureau said the outlook for the month calls for:

"Temperatures to average below seasonal normals from the Ohio and lower Mississippi Valleys eastward to the Atlantic seaboard. Below normal is also predicted for central and northern areas west of the Continental Divide. Above normal temperatures are in prospect for the central third of the nation with greatest departures over the northern plains. In areas not specified normal is indicated."

"Precipitation amounts for the month as a whole are expected to equal or exceed normal over most areas east of the Appalachians and provide relief from the drought which has prevailed over much of this area. Above normal rainfall is also anticipated over the southern plateau and coastal areas of the Pacific northwest. Subnormal rainfall is indicated over the central and southern plains. In areas not specified about normal amounts are predicted."

Woman's Money Thefts May Total \$80,000

CLEVELAND (AP)—Detectives arrested a 46-year-old woman Wednesday night on a charge of embezzling \$600 from a law firm where she was a bookkeeper. Her shortages since the first of the year may run as high as \$90,000, Detective Sgt. John Cleary said.

Cleary said the accused woman, Mrs. Louise Madigan, wife of a state liquor store clerk, Michael Madigan, had lost all the money in bets "with a bookie she would identify only as 'Bill.'"

Cleary said a preliminary examination of Mrs. Madigan's accounts at the M. B. & H. H. Johnson law firm showed she had been cashing checks for \$200 to \$350 at the rate of three or four a day since the first of the year.

She had worked for the law firm, which has about a dozen associates, for 10 years.

22,000,000 Admitted To Hospitals In 1956

tion persons, approximately one-half of the nation's population, were admitted to hospitals as patients last year, the American Hospital Assn. said today.

The association's current issue of Hospitals said the admissions showed an increase of 41 per cent over 1946 and nearly 5 per cent over 1955.

The number of births last year in the 6,966 hospitals covered in the survey totaled 3,491,141, an increase of 64 per cent over 1946 but only 1 per cent above the 1955 figure.

Scientists To Use Convicts In New Cancer Fight Approach

NEW YORK (AP)—Scientists are planning to use volunteer Ohio Penitentiary convicts once again as guinea pigs in a new approach in the struggle to develop an anti-cancer vaccine.

The Sloan-Kettering Institute for Cancer Research said today doctors will inject dead cancer cells into the bodies of prison volunteers as a first step in this plan. Just when this will be done is indefinite, the institute said, because scientists first must develop the proper type of dead cells—

dead, but still with certain essential properties intact.

In previous experiments at the prison, physicians found that normal men had strong defenses against transplanted cancer after receiving one injection of live cells. After a second shot they had even more vigorous defenses.

The new experiments will aim to see if these normal men also have increased immunity to transplanted cancer after injection with dead cells.

Dead cells are considered more

practicable as a potential vaccine than live ones, it was explained.

The institute emphasized that even if the experiments are successful, this would only indicate some immunity against transplanted cancer. That is not the same as the "spontaneous" cancer that starts to grow in people's bodies from still unknown causes.

The program was discussed in an interview with Dr. Chester M. Southern, its director, published in the Ohio Penitentiary News, a newspaper produced by prisoners.

Dr. Southern said in that interview that about 50 people would be involved in the program. In previous prison experiments, a total of 53 volunteer prisoners risked their lives in the research.

If the pilot series of experiments is successful, Dr. Southern said, another study involving 500 to 1,000 persons would be undertaken.

Then, he said, "we would have to make a long-term follow-up of 10, 20 or 25 years. We would have to see if less cancer developed in immunized people than in others of the same age."

An institute spokesman emphasized there is no reason to suppose that any vaccine so developed would be effective against all types of cancer, and that there's a long way to go before great optimism is justified.

Health Tent Planned At County Fair

A health tent will be located at the Columbiana County fairground Aug. 20-24, according to Miss Lillian Schroeder, secretary of the Columbiana County Public Health Association.

The American Red Cross will operate first aid stations, housed in station wagons, on opposite ends of the grounds for the convenience of fair patrons.

Deputy Amassadors

Beginning in August, U.S. passports will be given out with a copy of a letter by President Eisenhower. The same letter will be circulated among U.S. service personnel overseas.

The letter will ask for cooperation in a project to show people in foreign lands that the United States is qualified for the world leadership it has won by its economic and military strength.

The letter will ask each bearer to think of himself as a representative of his government, a deputy ambassador. As such, he must respect foreign laws and customs, show courteous regard for foreign ways of living and prove by speech and manner that the United States is sincerely trying to bring about international peace and good will.

There has been no more significant acknowledgment of a problem that became troublesome in the 20s, when multitudes of U.S. tourists began to go abroad. Their well filled pocket-books were greeted more enthusiastically than the narrow provincialism and bad manners which many of them took along.

The problem is more acute now, World War II revealed that Americans were destined to be the dominant influence in the postwar world. The White House has acknowledged, belatedly, the existence of traits that are hurting U.S. prestige.

The United States does not want to use its power to make itself hated. It wants to share its formula of success with mankind - the formula of Christian forbearance and individual dignity. It wants to prove that when citizens are the sovereign power responsibility for foreign policy is borne by the citizens, themselves.

A Matter Of Benefit

At the windup of its investigation of United Textile Workers officials, the Senate Committee on Improper Activities in Labor and Management had sketched the same picture of high living it previously had sketched for the Teamsters Union and the Bakery and Confectionery Workers.

And it had raised the same doubt. The doubt is whether or not the improper activities spread on the record are regarded as improper activities by people with the power to stop them.

These people are the dues - paying members of unions - the source of the money which makes it possible for high - living union officials to dip into union treasuries as though they were spending personal funds.

The question is whether this practice is a betrayal of trust, as the Senate investigators claim it is, or whether it is thought of by union officials who do it as a duty by their supporting members as a prerogative of position.

Beyond that is the further question of whether or not there is any way in unions being milked in this fashion can hold their officials accountable.

Such unions are not democratic, in the sense that the members have banded together to select their officials. They were not organized from the bottom up, but from the top down. The officials are the dominant influence, not the membership.

Laws have made no distinction in the past between unions organized for the benefit of their members and unions organized for the benefit of their organizers. To make this distinction is the purpose of the Senate Committee on Improper Activities.

Light Blue In Ohio

A threat by Cleveland businessmen accused of violating Ohio's Sunday anti - business laws to insist on strict enforcement of all Sunday laws could call attention to provisions many Ohioans never heard of before.

There are upward of two dozen Revised Code sections describing things which cannot be done legally on Sunday. It is illegal, for example, to take a gun into the open air for hunting or shooting, unless this activity is being conducted under the auspices of an organization.

It is illegal to require common labor to be performed on Sunday, although it is proper to arrange for the performance of intellectual labor. Just about everything under the sun in the way of business could be charged as illegal, except five things specifically exempted.

It is not illegal for emigrating families to continue their emigration. It is not illegal for watermen to land their passenger, for toll-bridge keepers to collect tolls, for toll-gatekeepers to collect tolls and for ferry boat operators to tend to their business.

Barbering, variety shows, horseback riding, ball games, ballooning, rope dancing, living statuary, juggling, circus performances - all are banned, some for the entire day, some only in the forenoon.

Fortunately, Ohio's blue laws have been kept a light shade of blue by reasonable enforcement which observed the spirit, not the letter. If the letter, instead of the spirit, were to be insisted on, Ohioans would have a surprise in store.

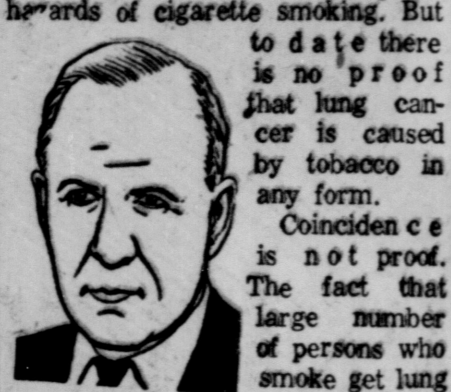

A doctor operated on an Indiana boy and removed two marbles. Maybe it's best not to play for keeps.

Coincidence Or Proof?

By DAVID LAWRENCE

Evidence Insufficient To Link Cancer, Smoking

Congress has been asked by some of its well-meaning members to take action to recognize the alleged hazards of cigarette smoking. But to date there is no proof that lung cancer is caused by tobacco in any form.

David Lawrence

Coincidence is not proof. The fact that large number of persons who smoke get lung cancer has not been proved to be a conclusive reason by itself to avoid the use of tobacco.

This writer had an unpublished experience some years ago with a case of coincidence in the field of statistics. It indicated vividly how figures seeming to prove a cause-and-effect relationship were not corroborated through any scientific investigation thereafter.

A prominent physician with an investigative turn of mind organized a study of a big city where a polio epidemic occurred.

He and his assistants plotted every single case of polio on the city map and then undertook to find out if any common denominator existed.

IT WAS DISCOVERED that a certain kind of tree grew adjacent to 95 per cent of the homes where polio had occurred.

This information led to other studies as to the origin of the tree and as to which states had a considerable number of such trees. It turned out that the states which had the larger number did have more polio cases each year, whereas in the states with a small number of such trees there were very few persons afflicted with the disease.

It was even discovered that certain countries in the world which had a relatively small number of such trees had little or no polio.

This correspondent drew all the data to the attention of an important charitable foundation devoted to medical research.

After years of study, the foundation's experts came to the conclusion that there was no connection between the tree and polio.

Had these facts been published at the time the investigations were going on and the name of the tree disclosed, it seems certain that throughout American people would have been cutting down that particular tree - indeed, they might do it today.

HENCE THIS writer doesn't feel the name of the tree or the prominent physician who initiated the project should be mentioned.

So it is with statistics with re-

ference to tobacco and lung cancer. These may really turn out some day to prove a cause-and-effect relationship but to date it is only fair to say that no such evidence has yet been produced.

Dr. Harry S. N. Greene, professor of pathology at Yale University, who has been concerned with cancer research in the teaching of medical students, told a subcommittee of the House Committee on Governmental Operations the other day:

"In summary, the methods employed in the statistical inquiry under question, particularly the type of data used by analysis, raise doubts that the results obtained can be interpreted as conveying a causal relationship between tobacco smoking and lung cancer. However, the results have been accepted by some investigators as sufficiently suggestive to warrant a direct experimental approach.

THE INVESTIGATION has been reported as it progressed and, from my own point of view, has not succeeded in supplying confirmatory evidence."

Dr. Ian G. MacDonald, director of cancer research at the University of Southern California, chairman of a committee on cancer research for the American Medical Association and a director of the American Cancer Society, said to the same congressional committee:

"In summary, the total evidence here reviewed fails to establish any sound basis on which a causative influence may be assigned to cigarette smoking in the production of cancer of the lung."

Statistical association is sometimes an unrealistic device. Robert Wohlforth, treasurer of Farrar, Straus and Cudahy, the book publishers, made an interesting survey many years ago and, in response to my inquiry the other day, writes me:

"THE POINT of my private survey was to correlate, for my own amusement, the production of corn in Kansas during a specified time series against the weight of U.S. presidents, to show that statistics do not establish a cause-and-effect relationship.

"The series showed that, when we have lots of corn in Kansas, our presidents always weigh a great deal, or, to put it another way, if we want a real big corn crop, we should elect presidents who weigh as much as William Howard Taft."

Statistical association could be significant but sometimes it merely proves to be a fascinating coincidence.

Political Haymaking

By REED SMITH

COLUMBUS, Ohio (AP)—Political haymaking is under way for state officials although their election tests are more than a year away.

None of them, from Gov. C. William O'Neill on down, has announced for re-election, but their plans for the "county fair circuit" are indicative.

They expect to visit as many of the 91 county and independent fairs as possible this summer to make speeches, shake hands and be seen by "grass roots" voters.

High pot of the "haymaking" season will be the Ohio State Fair in Columbus Aug. 23-30. But the glad handling will continue right through the circuit's windup with the Fairfield County Fair Oct. 9-12.

Most ardent fair-goer this season appears to be Atty. Gen. William Saxbe, Mechanicsburg attorney and former Ohio House speaker. He has rented a trailer—with his own funds—to visit some 35 expositions.

The visits got under way with the circuit's opening at the Jackson County Fair two weeks ago.

Disclaiming political motivation, Saxbe terms the trailer a public service unit. He says it is intended to stimulate interest in state government, explain functions of his office and "generally bring government closer to the people it serves."

Those goals, he says, are virtually identical to similar projects of other state departments featured at Ohio fairs.

The attorney general made it clear that neither he nor his assistants will give legal advice to fair goers nor issue rulings such as those sought by public officials in their official capacity.

Saxbe invited other Republican state office holders to share his trailer at the fairs, but the response has been limited.

O'Neill expects to visit a score or more fairs in addition to the Ohio state exhibition this year. He is down for speeches at only a couple of them. The visits will be informal to see the exhibits and meet people, most of them voters.

The governor also makes it a point to view youth activities at fairs.

Another staunch supporter of youth activities is Secretary of State Ted W. Brown, Ohio's chief elections official. Brown has several "musts" on his fair list and will visit others as office business permits.

Two other busy office holders, Auditor James A. Rhodes and Treasurer Roger W. Tracy, manage to attend several fairs during the season. They usually drop in whenever business takes them to an area where an exposition is in progress.

Politicians disagree over voting benefits of the county fair circuit. Some assert no office holder should neglect them. Others win elections without concentrating in that direction.

One of Ohio's most fabulous vote-getters made the Ohio State and county fairs his stamping ground. U.S. Sen. Frank J. Lausche, during his five terms as governor, delighted in mingling with fair crowds. Frequently he would show up early, unannounced and in shirt sleeves, to roam the grounds and greet admirers until late. At other times, his appearances seemed well planned in advance to attract attention.

Regardless of political overtones, office holders who like to see and be seen, find the fairs almost irresistible.

Two other busy office holders, Auditor James A. Rhodes and Treasurer Roger W. Tracy, manage to attend several fairs during the season. They usually drop in whenever business takes them to an area where an exposition is in progress.

Politicians disagree over voting benefits of the county fair circuit. Some assert no office holder should neglect them. Others win elections without concentrating in that direction.

One of Ohio's most fabulous vote-getters made the Ohio State and county fairs his stamping ground. U.S. Sen. Frank J. Lausche, during his five terms as governor, delighted in mingling with fair crowds. Frequently he would show up early, unannounced and in shirt sleeves, to roam the grounds and greet admirers until late. At other times, his appearances seemed well planned in advance to attract attention.

Your Face Is Your Ticket

By JOHN WHEELER

NEW YORK Grantland Rice, the great sports writer, was a very modest man. He was on his way to the opening game of the World Series with Bud Kelland and had nearly reached the ball park when he felt in his pocket and found he had forgotten his ticket.

"I must have left it in my other suit at the hotel," he told Kelland. Then he directed the taxicab driver to reverse himself in the heavy traffic and go back. His companion had urged him to take a chance.

"That man on the gate will know you," he said.

Grant shook his head. He rushed up to his room, got his duet and hurried to the scene of the battle. He walked up to the entrance and reached in his pocket for his ticket.

"Oh, don't bother, Mr. Rice," the gatekeeper said. "We all know you."

"What did I tell you?" prodded Kelland.

WHEN I WAS an active baseball writer, I lost my series ticket in Cincinnati during the 1919 crooked encounter between the White Sox and the Reds.

I found to my dismay some slicker had picked my pocket, the only time I have had that experience, although I am knocking wood.

Fortunately Frank Stevens who had charge of the catering privileges for these clambakes was near the gate and identified me.

Somewhere recently I have either read or heard a story. If I am repeating something already published, don't think I am trying to steal it.

Two correspondents we will call Ring Lardner and Henry McLe-more were going together to the championship fight at Boyle's Thirty Acres between Jack Dempsey and Georges Carpentier.

Being careless fellows, they had mislaid their press badges.

THE STERN guardian of the gate was hard-boiled and refused to accept anything but the real McCoy. He didn't care who they said they were or what papers they represented.

They retired to the men's wash-room to consider the problem. Suddenly McLe-more, an observing chap, noticed the button on one of the fixtures. In red letters it said "Press."

Although he had never studied to be a plumber, he started taking utensils apart until he was able to unfasten two "press buttons."

Each stuck one in his lapel and marched back to the gate. The same fellow looked at their new credentials and waved them in.

Then he went on to reminisce about the great days at Yale.

Hamlin Andrus was the son of John Andrus, one of the richest men in the country at the time of his death. He showed that thrift paid off.

Born in humble circumstances, he never gave up the idea that "A penny saved is a penny got." He lived in North Yorkers before the days of "horseless carriages" and took the Park Ave. trolley car to his medicine factory near Getty square. A friend lived in South Yorkers. Each would get a transfer and trade so the round trip cost a nickel apiece.

SOMEONE once asked him how he made his money.

"I went through three panics," he answered, "and it fell in my lap."

He meant he had the courage to take advantage of the opportunities when everyone else was scared. He lived in a big mansion but before retiring at night he would go around putting out the lights as an economy measure.

An interviewer asked him on his birthday what was the greatest thing that ever happened to him.

"When I was 90 years old today and able to get up this morning," he replied.

The District of Columbia originally included Washington, Georgetown, Md., and Alexandria, Va. The last two were already settled at the time Maryland and Virginia ceded to the federal government land lying within their boundaries for the "Territory of Columbia." In 1846 Alexandria was returned to Virginia, and Georgetown was united with Washington in 1878.

Once Over

Haircuts And Servicemen

Why the Armed Services "fired the haircut issue heard round the world" before it turned sensible and ended the Base Airman Don Wheeler case by rescinding his hard labor sentence and restoring him to duty continues to bother plenty of Americans.

"Orders is orders," as the saying goes, and a soldier is expected to obey them but it was not smart for the high brass to make a sensational issue of a haircut.

FEW PEOPLE could get any satisfaction out of a fighting man on the rock-pile for "tonorial resistance." Some of the bravest men in the world can will in the face of an overdone crew cut.

A man who will charge a machine gun or tank like a hero can figuratively go AWOL when up against barshop clippers.

THE HISTORY BOOKS show many of America's most famous war heroes with their countenance lost in hair.

Grant, Meade, Lee, Stonewall Jackson and scores of other generals not only scorned haircuts but let it grow all over their faces.

If there was one common inclination among them it was to take a haircut or leave it.

THE PROSECUTOR in the court martial of Airman Wheeler said, "American soldiers did not challenge orders at Bataan, Pearl Harbor or Valley Forge."

True, but vanity is vanity and there are moments when a boy who will lay down his life for his country will tell a barber to go jump in the lake. The Minutemen of Concord might not have stood so firm if any orders about their hair style had been involved.

It is hard to think of the men of Bunker Hill doing so well if "Don't shoot 'til you see the whites of their eyes" had been replaced or supplemented by "Get a whitewall haircut or else."

SGT. YORK became a top hero of World War I with his hair the way he liked it. No whitewall haircuts are noticeable in the photos of the GIs who raised the flag over Iwo Jima.

This is not to say that Don Wheeler should get three cheers for being so obstinate. The haircut issue was carried too far by everybody concerned.

"Sighted barber chair; sank same" expresses no heroic attitude. "I propose to fight it out on this tonorial issue if it takes all summer" is not a stirring service slogan.

BUT THE ARMED SERVICES were made to look pretty ridiculous all over the world by the stuffy seriousness of the high brass in the Wheeler court martial and the tossing out of the whole case by the base commander was welcome stuff.

The stern attitude toward a whitewall haircut might have aroused even more public sympathy. Suppose the boy had been a concert pianist?

"ROBBERS LOOT DELICATESSEN STORE" — headline. We always wonder, "In such a case, whether the thieves demand 'a pound and a half of money sliced thick, and with a few pickles.' . . . And whether a delicatessen store operator always replies 'Do you want it on white or rye?'"

A wealthy Swiss leased a costly Fifth Avenue apartment, paid \$700 a month rent for five years and never used it. Suddenly a few months ago he ceased payments and his luxurious dwelling was emptied by the sheriff. Well, there are men around these days who are too rich and who live so lavishly that it is easy for them to forget a couple of country homes or big city dwellings, until somebody suddenly reminds them. And it is possible for such men to carry a de luxe apartment as a "spare."

New Ambassador Causes Furor

You Can Bet That Next Time Gluck Will Know The Answers

WASHINGTON — If Maxwell H. Gluck ever appears again before a congressional committee, you can bet he'll prime himself in advance with all necessary answers.

Gluck is a self-made millionaire businessman newly named as the American ambassador to Ceylon. He was shoved, suddenly and unwillingly, into the capital spotlight this week when it was disclosed that he couldn't name the Prime Minister (Solomon Bandaranaike) of the country in which he was to represent the United States.

Obviously upset, he sought to explain belatedly to reporters Wednesday that he actually knew the Prime Minister's name all along when he was asked before the Senate Foreign Relations Committee July 2.

But, because he wasn't sure how to pronounce it, he told senators the name "is a bit unfamiliar" and that "I cannot call it off." He can pronounce it now, he added.

Gluck shook his head as he pondered the fireworks that have exploded since the Washington Post and Times Herald published some of the questions asked him and his answers.

Some Democratic congressmen strongly denounced his appointment. It even prompted a news conference question Wednesday to President Eisenhower. Eisenhower

heatedly told reporters that Gluck's \$26,500 in contributions to the Republican party last year had nothing whatever to do with the appointment.

But Gluck, whose appointment already has been confirmed by the Senate, has no intention of giving up the post. He will be accompanied to Ceylon by his wife, the former Muriel Schlesinger of New York City. They have no children.

Gluck, a 57-year-old Texas-born Republican, has an impressive business background. In the depression days of 1930 he started a store in Olean, N.Y., to sell women's wear.

By hard work he built it up into a chain of 150 stores, known as the Darling Stores, which now operate in 27 states. His shops gross some 40 million dollars a year. He has extensive real estate holdings in California, New York, West Virginia, Kentucky, Utah and Pennsylvania.

When he "semi-retired," as he puts it, early this year he began looking around for a government

post because he wanted to be "of public service" as part of the Eisenhower administration.

Republican Senators John Sherman Cooper and Thurston Morton of Kentucky, where Gluck owns and operates the famed Elmendorf thoroughbred racing farm, recommended him to the White House. So did Sen. Javits of New York. Gluck maintains an apartment in New York City.

Gluck said he didn't seek the job of ambassador to Ceylon and was surprised when it was offered to him. He never has visited Asia. Although born in Texas, Gluck has a Midwest background. He went to elementary school in Youngstown, Ohio, graduated from high school in Sharon, Pa., and was associated with department stores in the Midwest in his youth before going on to New York.

Sen. Javits described him as a "first-rate chap" who was hit by the Washington political buzzsaw before he knew his way around the capital. Javits described Gluck as studious and serious, and expressed confidence he will make a first rate ambassador.

Hendricks Family Reunion Is Held

Fifty-six relatives attended the Hendricks family reunion held Saturday at Guilford Lake.

Swimming, fishing and visiting highlighted the afternoon.

Mr. and Mrs. Homer Kline of Pleasant Lake, Ind., Mr. and Mrs. Kenneth Feightner and daughter, Martha, and Sherry Ross of Garrett, Ind. were guests during the weekend. Others in attendance were from Salem, Sebring and Austintown.

Moves To Set Rights Bill Aside

Johnson Asks Action On Money Measures

WASHINGTON (AP)—Sen. Lyndon B. Johnson (D-Tex.) moves today to set aside the civil rights bill long enough to permit Senate action on bills to give the Defense and Agriculture departments urgently needed cash.

Johnson, the Senate Democratic leader, said in an interview that "if anybody wants to have the blood on their hands of not paying our soldiers, they can oppose this motion to take up the defense bill."

The Defense and Agriculture departments, along with a number of other agencies, have been operating for the past month under temporary spending authority pending final congressional approval of their regular appropriations bills for the fiscal year that began July 1. That temporary authority expired Wednesday midnight.

The compromise \$33,759,850,000 defense bill and a \$3,666,544,757 agriculture bill need only final Senate passage before going to the White House for President Eisenhower's signature.

Previous efforts to interrupt the civil rights debate to take up the urgent money measures along with other bills have been blocked by Sen. Morse (D-Ore.) when unanimous consent was asked.

But the compromise money bills are as priority legislation, and under Senate rules can be taken up by majority vote without displacing the civil rights bill.

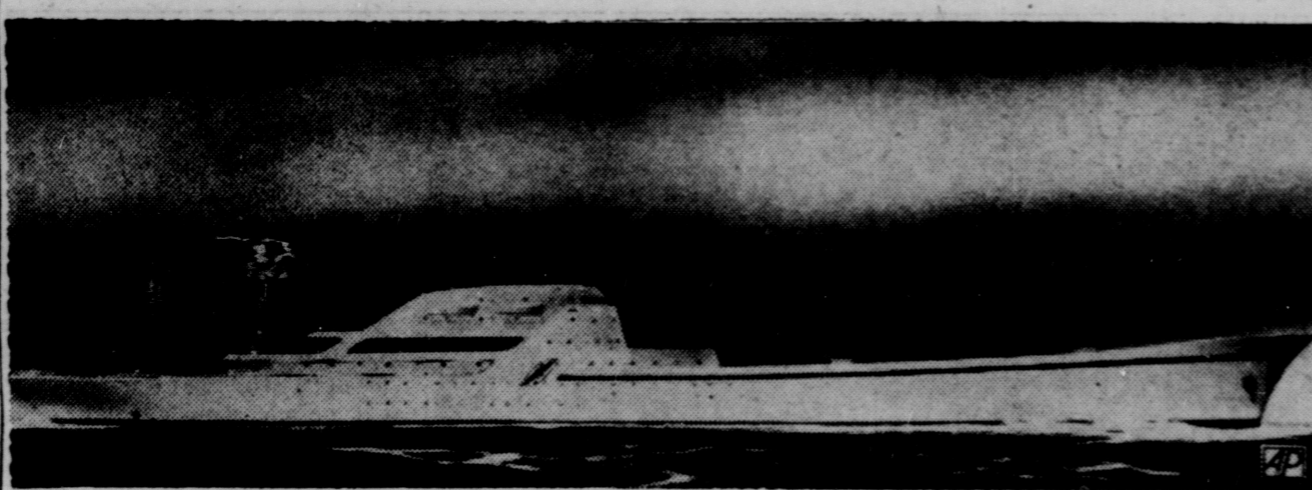

President Eisenhower told his news conference Wednesday that a lack of funds and authority by key government agencies "is a very serious thing."

He noted that legal authority to pay 1 1/2 million civilian government workers and the 2,800,000 persons in the armed services expired Wednesday night.

All authority for the Small Business Administration expired at midnight. Eisenhower said this stopped all SBA loans "right on the track" and also raised questions about pay for its 1,200 employees.

SBA Administrator Wendell Barnes ordered all activities of his agency curtailed immediately. Officials of SBA kept busy approving as many loans as they could before the midnight deadline. SBA said it had 700 loans applications left over on which no action could be taken until Congress provides new authority.

APPROPRIATION APPROVED
WASHINGTON (AP)—An appropriation of \$7,510,000 has been approved by the Senate - House Atomic Energy Committee for construction of a small nuclear power reactor at the Piqua, Ohio, atomic energy plant.

ATOMIC MERCHANT SHIP DESIGN—The Maritime Administration released this artist's drawing of a proposed atomic-powered merchant ship in Washington. The government plans to let the contract for building the vessel early this fall and have it at sea in 1960. Dimensions of the ship were given as 587 feet long, 78 foot beam and 29 1/2 feet draft. Plans call for a 350,000-mile range with the first load of nuclear fuel.

Catholic Priests Arrested In Hungary

BUDAPEST (AP)—Hungary's Communist government struck out today at opponents in the Roman Catholic Church, announcing the arrest of what it called a "major group of counterrevolutionary priests."

The Interior Ministry in a statement also accused Josef Cardinal Mindszenty, a refugee in the U.S. since last November, of instructing those arrested to loot the government's religious affairs office during the anti-Russian revolt last fall.

The statement charged the cardinal's secretary, the Rev. Albert Egon Turcsanyi, "took part in the looting at the head of an armed group."

"They shipped the secret documents to Mindszenty," the ministry said.

The Budapest press reported previously that Father Turcsanyi is in jail.

The total number arrested was not announced. The statement said they would go on trial "shortly" in Budapest Municipal Court.

Cardinal Mindszenty, convicted of treason by the Communist regime and sentenced to life imprisonment, was released last Oct. 31 by the anti-Soviet rebels and received a tumultuous welcome back to Budapest. He took refuge in the American legation Nov. 4 when Soviet troops and tanks opened up on the rebels to crush the revolt.

YW Building Work Planned In Late Fall

Groundbreaking for the YWCA building on N. Lincoln Ave. has been tentatively set for the latter part of October or first of November, according to Mrs. Frank Brian, president.

The building committee which includes Mrs. George Rogers, Benjamin Ludwig, Albert Hanna, Mrs. Fred Cope and Mrs. Brian recently toured the new YW building in Elyria.

The split-level Elyria building is a pattern for the construction of new YW's in this district. Mrs. Helen Moholland, executive director here, conducted the tour of the building, which is said to be the best planned YWCA in this part of the country.

The split-level design is being

considered here.

The advisory board and building committee met recently with John F. Kelly and Hugh Madden, representatives of the Trades Union Council.

They examined blueprint copies of the Elyria building and discussed materials to be used in the new construction.

At the campaign committee meeting Wednesday, Harold Smith, chairman, reported \$35,000 in pledges have been received to date. The Salem YWCA has a membership of 1,450.

Poison Ivy

Last year after discussing poison ivy, I received an interesting letter from Mr. T.

He said that when he was a boy he used to tease his playmates by whittling on a piece of poison ivy. If his friends came near they acquired poison ivy rash. But it never affected him until his early 20's. Then he suffered badly from it on forearms and legs.

For treatment, he said, "I took an old case knife and scraped the little white blisters until they were all open. I had prepared a mixture of black gunpowder and sweet cream, skimmed off of fresh sweet milk and mixed it until it was a heavy liquid of almost the consistency of cold molasses. I smeared that on the recently scraped-open blisters.

"Naturally," he said, "it set me on fire somewhat."

This is interesting, but I should certainly not recommend such treatment to anyone else.

The question of what to do about poison ivy, poison oak and poison sumac is a recurring problem to thousands and possibly millions of people each year. A bad case is no joke. Indeed, it has been estimated that some 350,000 people get into trouble with poison ivy each year. The total time lost runs around 6,000 days.

My first recommendation is that everyone should learn to recognize poison oak, ivy and sumac. Sensitive people should stay away from these plants, even the smoke when they are being burned. Those who think they are not sensitive should also be careful because they never know when their apparent resistance may leave.

If there is much chance of accidental exposure, clothing should be worn on those parts of the skin which may be exposed. This includes the use of gloves. Incidentally, the poison from these plants often rubs off on the clothing in sufficient quantities so that the clothing itself can cause skin trouble.

There are ointments or creams which are said to give a certain amount of protection, though I have no personal information on them.

If one knows of exposure immediately, probably the best thing to do is to wash the exposed skin carefully with soap and water several times. Follow each washing with careful rinsing. If this is done soon enough after exposure it may prevent more serious difficulty.

LISBON — Three motorists forfeited bonds totaling \$35 on traffic charges in Mayor Wilbur Warren's court Wednesday.

James J. Johnson Jr., 21, of East Liverpool RD 2 forfeited a \$10 bond for failing to register.

Ray A. Burbick, 65, of East Liverpool forfeited a \$10 bond for failing to yield the right of way.

Stanley Johnstone, 29, of Youngstown forfeited a \$15 bond for driving left of center line.

All the arrests were made by the State Highway Patrol.

Two Men Added To Patrol Staff

Beach At Guilford Lake To Be Finished In Week

Two new men have been added to the Guilford Lake patrol because attendance at the lake has doubled since the new beach has been created. Chief of the Ohio Department of Parks D. W. Flickinger announced today.

The new officers are James R.

Gause of Hanoverton and Kenneth Ray of RD 1, Hanoverton.

The Guilford Lake patrol is now composed of four members. Roy Painter of Hanoverton and Ray Votaw of RD 4, Lisbon are the other two officers.

Walter Rupert of Leetonia, contractor for the new Guilford Lake beach area, stated that his work will be completed within a week or ten days, providing the weather is good.

Ray Votaw reported that the water level of the lake must rise another 28 inches before it will reach its normal depth. The water level was lowered six feet on June 8 of this year to enable the contractor to construct the new beach on the north side of the state owned lake.

Robert Devan, 28, of 647 E. Lincoln Way, Lisbon, was fined \$25 and costs Tuesday by Hanoverton Justice of the Peace Clyde Knestrick for driving his jeep over the new sanded beach area at Guilford Lake, according to Lake Patrolman Painter.

Franko Decision Expected In 60 Days

YOUNGSTOWN, Ohio — A three-man panel Wednesday ended a public hearing into misconduct charges against Municipal Judge Frank R. Franko.

The charges, brought by the Mahoning County Bar Assn., alleged that the judge violated judicial ethics by running for prosecutor without resigning from the bench; by voiding his own parking tickets, and by failing to mark traffic offenses on the drivers licenses of persons convicted in his court.

A decision is expected in 60 days. The three-man panel could issue a reprimand, or recommend action by its parent body, a 17-man state commission on legal grievances.

The commission could drop the case, issue a reprimand, or recommend action to the Ohio Supreme Court. The court, which will re-convene in October, could impose a penalty, including disbarment or suspension, or it could clear Franko.

'Unfair' Charge Filed In Ohio Labor Dispute

LORAIN, Ohio — A dispute between Teamsters Local 571 of Elyria and Local 20 of Toledo which has halted construction of the Ford Motor Co. assembly plant four miles west of here has resulted in the filing of unfair labor practice charges with the National Labor Relations Board.

Huber, Hunt & Nichols, Inc., contractors whose 1,000 construction workers were idled by the dispute, filed the complaints against Local 571. The contracting firm charged that Local 571 posted pickets in an effort to compel the Sandusky Crushed Stone Co., a sub-contractor, to "cease doing business" with "broadway trucking, which employs members of Local 20.

The picket lines were removed late Wednesday after Common Pleas Judge John D. Pincura of Erie County issued an injunction against the picketing.

A spokesman for Elyria Local 571, said its wage scales were 40 to 70 cents an hour higher than the Toledo teamster local's scale.

10 County Girls To Vie In 'Queen' Contest

LISBON — Two of 10 girls will be picked to represent Columbiana County at a "Queen of the Furrow" contest at the Willis R. Rupert farm near New Waterford Aug. 7.

The contest will be run in conjunction with the county field day and is expected to take place between 2 and 3 p.m.

The two winners will compete in the regional contest at the Canfield Fair Aug. 30.

Competing are: Betty Jo Hawkins of Salem RD 3; Dona Knizat of Salem RD 2; Ruth Mount of Salem RD 2; Carol Hawkins of Franklin Road, Salem; Sandra Brinker and Pat Converse of Columbiana RD 2; Carol Jean Richey and Edith Marie King of Hanoverton RD; Nancy Baughman of New Waterford RD 1; and Madhilde Umbach of the Newgarden Road.

TAKEN TO REFORMATORY

LISBON — Sheriff's deputies transferred one prisoner to the Ohio State Reformatory at Mansfield Wednesday to serve a term imposed by Common Pleas Court.

George McCormick, 27, of East Liverpool, who violated his probation by failing to support his family, was taken to the reformatory to serve one to 15 years for breaking and entering the Fleetwing Service Station and Midway Oil Co. in East Liverpool.

McCormick received probation March 29, 1953 but failed to keep the terms and was cited into court July 24 as a probation violator.

Goodyear Co. Boosts Prices Of Tires

AKRON, Ohio — A three per cent increase on tire prices and hikes of 3 to 6 per cent on other Goodyear Tire & Rubber Co. products went into effect today.

"This action was made necessary to meet in part recent advances in wages, materials, freight and other operating costs," a company spokesman said.

Last week Goodyear signed a contract with the United Rubber Workers giving raises of 15 cents an hour to 23,000 employees.

The increase means that automobile tires made by Goodyear now cost from 50 cents to \$3 more than they did Wednesday, depending on their size and quality.

U. S. Rubber Co. said in New York Tuesday it would increase prices but did not say when or by how much. The other two members of the rubber industry's "Big Four"—Firestone Tire and Rubber Co. and the B. F. Goodrich Co. declined to comment on their price plans.

Turnpike Commission Operating Restaurants

CLEVELAND — The Ohio Turnpike Commission Wednesday night assumed operation of six pike restaurants in Cuyahoga, Portage and Mahoning counties.

The operation by the commission will continue for at least seven weeks. Bids have been asked and will be opened Aug. 15, and if a new contract is awarded the operator is to take over Sept. 17.

The former operator, the Olympic Commissary Co. of Chicago, lost its contract when it failed to make improvements the commission ordered.

Zesty Sauces Will Brighten Vegetable Dishes Orange Dressing Will Flatter Fruit Salads

A tasty sauce can add the gourmet touch to ordinary dishes to make them tempting and eye-appealing too.

Dairy foods provide variety in many of these sauces, either using a cream sauce base, sour cream, or a variety of cheeses. Milk, butter and cheese add many important foods nutrients in addition to flavor.

Sour cream is used as the base in the following recipe for the zippy herb sauce topping for meaty baked potatoes. A sprinkle of chives may be added for garnish. A mustard flavored cream sauce gives a piquant flavor to green beans. It is also appropriate on other green vegetables and is delicious with ham or fish.

These sauces will be a boon to the clever cook who wants to add interest to her meals.

Herb Sauce for Baked Potatoes
4 baked potatoes, 1/4 cup butter, 2 tablespoons chopped chives, 1 teaspoon chopped parsley, 1 cup heavy sour cream.

Slash baked potatoes criss-cross. Melt butter in small pan. Add chopped chives, parsley and sour cream and mix well. Allow cream to heat but do not boil.

Serve at once as a topping for potatoes. Makes 4 servings.

Mustard Sauce for Vegetables

1/4 cup butter, 1/4 cup flour, 1/2 teaspoon mustard, 1/2 teaspoon salt, dash of pepper, 2 cups milk.

Melt butter in saucepan over low heat and blend in flour and seasonings. Add milk slowly stirring constantly and cook until sauce is smooth and thickened.

Serve at once over hot cooked

green beans, cauliflower, cabbage or on ham or fish.

Salad dressing made with orange juice has a delightful aromatic quality that flatters almost any fruit salad. It also does well by a cottage cheese fruit plate to make an excellent easy lunch or supper.

Orange Salad Dressing is a variation of that popular stand-by, boiled dressing. This recipe is an easy one to prepare, since everything is mixed in the top of the double boiler.

When it has cooked to satin smoothness, some margarine is stirred in. The margarine gives it that final touch of flavor, and it blends and enhances all of the other flavors.

This is a good dressing for calorie-watchers to use. It gives zest to salads, yet adds only a few calories for each serving.

Orange Salad Dressing may be used as is, chilled and smooth. For those who like a fluffy dressing on fruit salads, fold a little whipped cream into the dressing just before serving. Calorie-counters will, of course, prefer it without the cream.

Although the recipe doesn't require it, a teaspoon of grated orange rind gives a tangy flavor addition that some folks like.

Either fresh or frozen or canned orange and lemon juice may be used. This dressing keeps well for about a week when stored in a covered jar in the refrigerator.

Orange Salad Dressing

1/4 cup sugar, 1 tablespoon flour, 1/2 teaspoon prepared mustard, 1/4 teaspoon salt, 1 egg, 1 cup orange juice, 1/4 cup lemon juice, 2 tablespoons margarine.

In top of double boiler mix sugar, flour, mustard and salt. Stir in egg, beating smooth. Stir in fruit juices. Cook, stirring constantly, over hot water until mixture thickens (5 to 7 minutes). Continue cooking one minute.

Remove from heat and stir in margarine. Chill. Excellent on banana and pear salad, or on fruit salads. If desired, fold 1 cup dressing into 1/2 cup cream, whipped. Makes 2 cups.

Moistened Canned Salmon

Not far from New England's Mt. Monadnock, we tasted the new pack of firm pink salmon from Puget Sound, the Columbia River and Alaska. Maurice LaFortune, chef of Toy Town Tavern in Windchendon, Mass., served it to us in the dining room overlooking the beautiful flower gardens.

He said more people have access to canned salmon, although the same recipe can be used for cold boiled salmon. LaFortune gave us his private recipe.

Toy Town Salmon
Drain can salmon, rinse, dry and separate in flakes. Moisten with ravigote mayonnaise, arrange on a bed of lettuce and mask with mayonnaise. Garnish with canned pimiento cut in triangles, and slices of stuffed olives.

Ravigote Mayonnaise
Mix 2 tablespoons cooked spinach, 1 tablespoon capers, 1/2 shallot, finely chopped; 3 anchovies,

1/4 cup parsley, 1/4 cup watercress. Pound in a mortar until thoroughly macerated. Add to 1 cup mayonnaise.

LaFortune's Boston clam chowder is remarkable, too, and perfect for hot-day meals followed by a cold plate or a fruit salad.

Boston Clam Chowder
One quart clams, 1 cup water, 4 cups potatoes, cut in 1/4-inch cubes, 1 1/2-inch cube of fat salt pork, 1 sliced onion, 1 tablespoon salt, 1-3 teaspoon pepper, 4 tablespoons butter, 4 cups scalded milk.

Clean and pick over 1 quart of clams. Drain and reserve liquor. Heat liquor and 1 cup water to boiling point and strain. Chop fine with hard part of clams. Parboil potatoes 5 minutes. Saute salt pork and onion. Blend butter and flour. Then add clams, potatoes, liquor and water and milk to blended flour and butter. Boil 10 minutes; season with salt and pepper.

Narleski Holds Orioles To Six Hits As Indians Win 4-0

Strikes Out 6, Allows 5 Walks

Bob Lemon Ordered To Rest Injured Arm

NEW YORK (AP)—It will sound strange when the announcer says it, but one of these days he may jolt Cleveland Indians fans with: "Bob Lemon coming in to relieve Ray Narleski."

Narleski, who saved many games for Cleveland starters with a fast ball that some said was the fastest in the league, got his long desired chance to be a starter this year because of injuries to the Tribe pitching staff.

And he's doing so well, he may not ever go back to the bullpen. Wednesday night's 4-0 victory over Baltimore was Narleski's third straight triumph as a starter. His 8-1 record sparks among Indian hurlers of whom only Earl Wynn (13-11) has a victory total that exceeds his loss total by more than a game.

Lemon (6-9) got word from his specialist at John Hopkins Hospital in Baltimore Wednesday that he ought to rest his injured right elbow and pitch only in relief for a while.

"He told me not to start a game until it gets real strong," Lemon said. "I'm supposed to try it from time to time and if it feels okay, pitch a few innings in relief."

"Dr. (George) Bennett seems to think that my elbow will be all right after the poison (from two abscessed teeth) leaves my system. He believes I may have strained it a little, too."

In holding the Orioles to five singles and Bob Boyd's double, Narleski started shakily and got stronger. He struck out six and walked five, one intentionally.

Against Ray Moore and lefty Ken Lehman who hurled the final two innings and gave up the last Indian run, the Tribe made 11 hits. Gene Woodling had a homer and two singles and Bob Avila got a triple and two singles.

Avila's triple and a wild pitch that enabled him to score got Cleveland off to a 1-0 lead in the second inning. In the fourth Avila singled, went to third on Hal Narleski's single, and scored with a beautiful slide under catcher Gus Triandos on Chico Carrasquel's grounder.

Woodling's ninth home run came in the fifth. And the final run in the ninth was produced by a walk, sacrifice and Al Smith's double.

Woodling steadily rising batting average is now .335—third best among the American League regulars.

The shutout was the third in a row for Baltimore. Chicago's Billy Pierce had blanked the Orioles before John Gray did it for the Tribe Tuesday.

Idle today, the Indians open a five-game series with the Yankees here Friday night. Don Mossi is Manager Kerby Farrells' opener choice, with Early Wynn pitching Saturday.

Hankers For Fight With Basilio Kid Gavilan Gains Unanimous Decision Over Gaspar Ortega

MIAMI BEACH (AP)—Kid Gavilan, king of the welterweights from 1951 to 1954, hankered today for another shot at the title now worn by Carmen Basilio—and apparently he has earned it.

Gavilan put on one of the greatest exhibitions of his career before a nationwide television audience and 3,621 ringside spectators Wednesday night to gain a unanimous decision over Gaspar Ortega, a game battler from Mexicali, Mexico, in 10 bruising rounds.

"Gavilan was terrific," said A. Rodriguez, manager of Ortega, who conceded, "most certainly we lost the fight."

Rodriguez said Gavilan "never hurt Ortega" but the 31-year-old Cuban tossed a ton of leather at the bobbing, weaving Mexican and won at least seven rounds on every scorecard. There were no knockdowns.

Yamil Chade, Havana banker and manager of Gavilan, said it was the greatest fight of the Kead's career and added Gavilan is ready now to meet Basilio either in Havana or Miami Beach.

More important, he said he has the money to put on the fight. Gavilan used a savage body attack on the 21-year-old Ortega, second ranking welterweight contender, and kept boring in all the time, carrying the fight to his foe through every round.

That's when pitcher Joe Nuxhall became pinch-hitter Joe Nuxhall. He batted for Art Fowler and promptly looped a single into center that scored the run which gave Cincinnati a 6-5 victory. And it was executed before several thousand fans from Nuxhall's hometown of Hamilton who were here to observe "Hamilton, Ohio, night."

Of course, prior to that, a couple of the "old pro" hitters had collaborated to tie the score and one of them helped set up the winning run. They were Ted Klusowski and Gus Bell.

Klusowski, one of Cincinnati's many pinch-hitters, knocked out a two-run homer in the ninth and Bell drove in the run that tied the score in that frame.

Then in the 11th Bell doubled after one out. Bob Miller walked Frank Robinson intentionally and it was Bell who raced home on Nuxhall's single.

Until the ninth, the Reds appeared to be in hard lines again. They got two runs and drove Harry Haddix off the mound in the opening inning but after that reliever Jack Meyer throttled all their efforts until the ninth.

A single by Johnny Temple, a sacrifice, Robinson's double and Don Hoak's single gave them their two first-inning runs.

After that they stood still as the Phils moved in to take the lead off Vicente Amor, making his first starting appearance, and Raul Sanchez.

Amor had a lot of double play help or he might have been in even worse trouble. He gave up nine hits and three runs in four innings. Johnny Klippstein stopped the Phils after that but when Sanchez came on after Klippstein had been lifted for a pinch-hitter they quickly moved farther ahead.

Stan Lopata got a two-run homer in the seventh off Sanchez.

The final game of the three-game series tonight will see either Hal Jeffcoat or Brooks Lawrence pitching against the Phils' Curt Simmons.

Phillies Edged By Redlegs 6-5 Nuxhall's Pinch Hit Single Wins In 11th

CINCINNATI (AP)—Much has been said and much has been written this year about the Cincinnati Redleg pitchers being a bit on the weak side. But it was a pitcher who came to the rescue Wednesday night—in the role of a pinch-hitter.

Striving mightily to get the Reds out of their doldrums, Manager Birdie Tebbetts had used every non-pitcher on his roster except bonus rookie Bob Henrich when his lads got two men on base with one out in the last of the 11th against the Philadelphia Phils.

That's when pitcher Joe Nuxhall became pinch-hitter Joe Nuxhall. He batted for Art Fowler and promptly looped a single into center that scored the run which gave Cincinnati a 6-5 victory. And it was executed before several thousand fans from Nuxhall's hometown of Hamilton who were here to observe "Hamilton, Ohio, night."

Bums Blast Cubs 3-2, 2-1 Yanks Trim Athletics Twice; White Sox Edge Senators 6-5

By The Associated Press
The St. Louis Cardinals, usually dead ducks by Aug. 1, are camped on the threshold of first place in the National League today after an explosive July run.

And they've done it the hard way, coming from behind in half their 20 July victories and winning four of five extra-inning battles.

In third place, 2½ games back on June 30, the Cards were 20-10 in July for a .667 percentage—and except for a suspended game at Pittsburgh (which they led 11-2 in the ninth) would be 21-10 and in first place instead of second, two percentage points behind Milwaukee.

The Cards were at it again Wednesday night, coming from behind to whip the New York Giants 5-1 for their fifth straight while Milwaukee clung to the top spot with a 4-2 job on Pittsburgh for four in a row.

Third-place Brooklyn, matching the Cards' 20-10 record for July, swept a double-header at Chicago. Reliever Ed Roebuck was credited with both victories as ninth-inning rallies beat the Cubs 3-2 and 2-1 to leave the Dodgers two games behind.

Fifth-place Cincinnati, four games back, junked its losing string at three games with a 6-5, 11-inning decision over fourth-place Philadelphia.

In the American League, first-place New York scored a 2-0, 5-4 double-header sweep against Kansas City. The second-place Chicago White Sox nailed Washington 6-5.

Detroit rapped Boston 5-3 and Cleveland beat Baltimore 4-0 behind relief ace Ray Narleski.

The Cards bagged it after Hank Sauer, who had three of the seven hits off Herm Wehmeier, homered the Giants into a fifth-inning lead. Al Dark, who was 4-for-4 and drove in two runs, and Wehmeier then hit RBI singles in the bottom of the fifth and the Cards were off.

Milwaukee rolled on solo homers by Red Schoendienst and Johnny Logan against loser Bob Purkey, then locked it up with two in the sixth on four singles. Bob Hazle's double and an error. Bob Buhl won his 13th.

After Duke Snider's 25th and 26th home runs had drawn the Dodgers even in the opener, they tagged Bob Rush with a 12th defeat on singles by Roy Campanella, Elmer Valo and Junior Gilliam with two out in the ninth. The Cubs led 1-0, on Ernie Banks' home run, going into the nightcap ninth, when two walks, an error by losing reliever Don Elston and singles by Charlie Neal and pinch hitter Rube Walker won it.

Cincinnati tied the Phils with three in the ninth, two off Ted Klusowski's pinch homer, then won it with a looping single by pitcher Joe Nuxhall. Art Fowler won it, with Bob Miller the loser, both in relief.

Virgil Trucks wild-pitched the winning run home for the Yanks in the first-game sixth inning, then Mickey Mantle swatted his 28th home run in the seventh off Wally Burnette. Bob Turley won it with a five-hitter, his third shutout in a 6-3 record.

The A's blew a 4-0 lead, all on unearned runs, in the nightcap as Don Larsen beat them for a fourth time in a 6-3 record. The A's had just two hits off Larsen and Art Ditmar, who pitched a hitless ninth.

Bob Keegan won his seventh for the White Sox as Larry Doby, 4-for-4, and Luis Aparicio each drove in two runs to beat Pete Ramos.

The Tigers scored four in the fifth against Willard Nixon, with Dave Philley hitting his first home run and Frank Bolling adding a two-run double, as Jim Bunning won his 13th. Ted Williams was 1-for-3.

Narleski, gaining his fifth major league complete game, allowed six hits and walked five, but fanned six and left 10 stranded to beat the Orioles for an 8-1 record. Ray Moore was the loser as Gene Woodling homered and Bob Avila, hitting in his 13th consecutive game, scored twice with a single, double and triple.

Fisher's, Sekely's Forfeit

Herron's Upsets Stepanic's; Purity Blasts West End 19-1

Herron's upset first place Stepanic's 4-1, Purity Dairy defeated West End 19-1, Fisher's forfeited to Homeworth, and Sekely forfeited to Schwartz's in city league softball competition Wednesday night.

Leo Kline of Herron's retired the first 10 Stepanic batters in order and then lost his bid for a no-hitter when, with one out in the fifth, Roach singled.

Herron scored all their runs in the first inning. Kline singled, and was sacrificed to third by Schuster who was safe at first when the first baseman threw wild to the second baseman who was covering first.

Roelen doubled, scoring Kline, and Schuster reached third. Cope walked to load the bases, but Web-

er hit a ground ball to the third baseman, who threw home, forcing Schuster. Tom Pastier then smashed a triple to left center field, scoring three runners.

Stepanic's tallied their only run in the fifth. Woods flied out to left field, Roach singled and Manful reached second on a throwing error, Roach taking third.

D. Myers then lined a drive off the third baseman's glove, scoring Roach. Manful was thrown out trying to score on the play, and Mercer popped to the pitcher to end the inning.

Purity smashed West End with a barrage of 15 hits. They limited the West Enders to but three hits. The losers also committed 12 errors.

Bobby Bragan Makes Debut As Clown

MILWAUKEE (AP) — Manager Bobby Bragan of Pittsburgh, apparently bent on bringing to a head his running feud with an umpiring team headed by Frank Dascoli, sauntered onto the field during Wednesday night's Pirates-Braves game sipping orange soda through a straw.

The stumpy, gum-chewing skipper of the seventh-place Buccos took his unscheduled stroll in the fifth inning minutes after being banished by Umpire Stan Landes for holding his nose to show how he felt about one of Landes' calls.

A County Stadium crowd of 24,522, at first stunned by Bragan's antics, guffawed as he offered each of the four men in blue a sip from a pint carton of orange drink.

"It was my major league debut as a clown," Bragan said afterwards in the clubhouse. "I'm fed up with these guys. They won't even listen to a legitimate complaint."

"He's a bushy, a clown and a comedian," Dascoli said heatedly while trying without much success to keep his emotions in check. "By pulling that stunt he vindicates anything that ever happened to him."

It was Bragan's second brush with Dascoli, Landes, Frank Seery and Bill Baker in as many nights. His first, which occurred Tuesday night when he wired National League President Warren Giles a request that Dascoli's team be "broken up" and absorbed by three other crews, hadn't even run its course.

Before Wednesday night's game Bragan, who pulled some zany stunts during his minor league managerial career such as taking a nap at home plate, said he had n't received Giles' reply to his telegram.

But, in a statement issued in Cincinnati, Giles said, "I will tell him we appreciate his interest, but we and not the managers must decide on the makeup of the various umpire teams."

TIGERS SIGN THREE
DETROIT (AP) — Three pitchers Wednesday were signed to 1958 minor league contracts by the Detroit Tigers and will report to the Tigers minor league training camp in Florida next spring.

Signed were righthander Carl Smid of Cleveland and lefthanders Gary Kimmelf of Montpelier, Ohio, and Don Kuodis of Chicago.

Michigan State took moving pictures of its football games for the first time in 1923.

U.S. Davis Cup Team Confident

Will Play Brazilians In 3-Day Competition

BROOKLINE, Mass. (AP) — U. S. Davis Cup tennis players looked months ahead toward the challenge round against Australia today while adding finishing touches for the American zone final against Brazil.

Veteran Vic Seixas and other American team members appeared confident of sweeping past the three-man Brazilian team in the three-day competition opening Friday at Longwood.

Seixas said that because of the loss of Australia's Lew Hoad to professional ranks the United States has "better than a 50-50 chance" of regaining the coveted Davis Cup from Australia in December.

"With Hoad turned pro, Australia isn't sure of a single match," Seixas said. "Of course, neither are we. But we have more teams to choose from than Australia."

Seixas, a handsome Philadelphia who will be 34 later this month, is expected to be a member of the U. S. team in the challenge round for the seventh time. Only Bill Tilden, with 10 appearances, and Billy Johnston, with eight, participated in more.

"The biggest thing in our favor will be the pressure on the Australians, because they will be playing at home," Seixas declared. "They will have everything to lose, nothing to gain. People here do not realize the pressure that is put on players in Australia."

Other members named with Seixas for the team to meet Brazil are powerfully Sammy Giammalva of Houston, Texas, Mike Green of Miami, Fla., and Barry Mackay of Dayton, Ohio.

The winner of the United States-Brazil match will play the European zone champion for the right to challenge Australia for the Davis cup.

Sedgman Moves Into Tie With Rosewall

LOS ANGELES (AP) — Frank Sedgman, playing near-flawless tennis, moved into a tie for the lead with fellow Australian Ken Rosewall in the Masters Round Robin Tennis Tournament.

Sedgman outgunned Dinny Pails Wednesday night 6-4, 6-2. It was his third straight win. The \$125,000 bonus player, Australian Lew Hoad, still was having trouble as a pro, losing his fourth straight here, this one to Pancho Segura, 6-3, 6-0.

'Bombs' To Race for Midseason Championship At Canfield

The glory that goes with a stock car racing title is expected to lure the largest field of modified "bombs" ever to appear at Canfield Speedway Saturday night.

They will all be going after the midseason championship.

Latest to join the "bomb" circuit is Russ Allen, new car driver from Canfield. Allen will drive an Oldsmobile-powered car.

Other new car drivers entered are Mike Klapak of Warren in a Thunderbird-powered Ford; Nook Walters, Gib Orr of Orrville and Roy Gemberling of Kent. Walters will have a Mercury-powered car, Orr a brand new Turnpike cruiser and Gemberling his Oldsmobile-powered 1932 Chevrolet.

It will be far the most outstanding field of cars and drivers ever to appear here. John Gantier of Wellsville will be in the lineup, as will Don Eggett, Baldy Baker, Sparky Wilson and many others. Akron entries are Mono Goliath, Roy Shilling and Dick George. Coming in from Canton will be Bob Adkins and Harvey Malladay.

In addition to Allen, another new addition to the modified field will be Roland Tripoli of Youngstown. A late model pilot, Tripoli has his modified car in top shape for this important race. He will be the only driver in the field to have dual wheels on the rear end.

There will be eight events, including one 25-lap feature for the Sportsmen Club.

Time trials are at 7 p.m. and the first event is at 8:30.

Soviets Bide Time

By VICTOR RIESEL

Victor Riesel is in Europe, analyzing developments in the Russian purge, talking to labor leaders and interviewing heads of governments. Mr. Riesel feels that as the labor movement goes, so go European governments. Thus the importance of his current series of dispatches, of which this interview with the German Chancellor is the first.

BONN, Germany — For vacationing America, lolling in the moonday sun, there were warnings in the sharp, swift words of Chancellor Konrad Adenauer, leader of the new German Republic, as he spoke of the week he spent with Nikita Khrushchev, "an impulsive man without a y inhibitions."

Victor Riesel

In the course of an hour-long private talk in the Reichschancellory in this quiet capital along the

Rhine, Mr. Adenauer, with the obvious relish of a political gourmet, mixed scorn and sarcasm with the knowledge that comes to heads of state.

He said quite bluntly that Khrushchev and the Red Army were awaiting only a moment of weakness and carelessness on our part before attacking us.

These observations, the Chancellor said, grew out of his meetings with the Soviet Chief, which included a week when "I was together with him mornings, afternoons and evenings."

This was in the Kremlin when Mr. Adenauer flew there to discuss the reunification of his nation.

HIS WARNING came a few minutes after he had personally and gently guided me across his inner office, making me comfortable with the warmth of a father towards a visiting son.

An edge of tempered steel ran through his sentences as I asked him about the recent purge in Russia.

There are those in the U.S. who

believe this a liberal trend inside the Kremlin, I ventured.

"There is not the slightest indication, none whatsoever, that there has been a change in the direction of liberalism in Russia," the Chancellor retorted quickly. He added that he had been "frightened" by reports of such interpretations.

"Khrushchev said to me that you (the U.S.) will go to pieces and communism will rule the world."

"I do not understand how this matter, which is purely an internal struggle for power, can seduce anyone into believing that the regime in Russia is improving..."

THE CHANCELLOR warned not to be taken in by anything Khrushchev says. The world is too apt to create the Russian Communist party leader in the image of Lenin and Stalin and believe that Mr. Khrushchev is a man whose mouthings mean little.

"He is completely impulsive and on occasion, without any inhibitions," Mr. Adenauer told me. "He can be very brutal, but then again he may not act brutal at all. He is completely different type from Lenin and also from Stalin..."

"Should the U.S. ever become weaker than Soviet Russia, it will be attacked. As long as it is stronger than Soviet Russia, it will not be attacked. It is as simple as that."

"The Russians want to conquer the world for communism under their leadership. Their greatest obstacle is the U.S. If they can eliminate that obstacle, they will do so and as long as they cannot eliminate it, they will keep their peace."

I asked him if there were not signs in the satellites and in Communist China that the Communists were easing their secret police state.

THERE WAS a sigh from the soft-spoken Chancellor:

"There is terrible distress in Poland. But the brutal crushing of the Hungarian revolt by the Russians has, of course, intimidated the Poles."

"According to our information, 20 Soviet Russian divisions are stationed in Poland and it is, of course, extraordinarily difficult to rise against such a force. Nevertheless, recent developments in the satellite countries naturally disturbed the men in the Kremlin who so far thought they could depend on the satellite countries."

"Up to now they were able to take great amounts of goods and products, etc., out of the satellite countries and this they cannot do any more."

"There is no doubt that recent

CAISSON LEAVES PALACE — The caisson carrying the body of assassinated president Carlos Castillo Armas, moves slowly from the palace at Guatemala. Armas was slain by Vasquez Sanchez, identified by Guatemalan officials as a Communist, who then turned his rifle on himself.

Hot Chicken, Cold Drinks For Picnic Fare

We have licked the good food on a picnic problem.

The new duffie cooler bags smaller duffie cooler for hot food in one and cold in the other.

Hot and Cold Picnic Menu: (In smaller duffie cooler for hot food) — hot barbecued whole chickens. (In larger duffie cooler for cold food) — deviled eggs, whole ripe tomatoes, potato salad, cola carbonated drinks, chilled whole fruit, butter and rolls.

Barbecued Whole Chickens

(6 servings)
Three broiler - fryer chickens, whole, 2 to 2½ pounds each, 2 teaspoons onion salt, 2 teaspoons dry mustard, ½ teaspoon ground pepper, ½ teaspoon hot pepper sauce, ¼ cup Worcestershire sauce, 2 cans (6 ounces each) tomato paste, 2-3 cup vinegar, ½ cup salad oil, 2 cups chicken broth or water.

Hook wing tips behind shoulder joints onto back to expose thick breast meat to heat. Tie wings and any neck skin in place. Tie drumsticks to tail. Run spit lengthwise through body cavities. Place spit on rotisserie so that chickens are 9 to 12 inches from heat.

Meanwhile, prepare barbecue sauce. Mix remaining ingredients and heat to boiling. When chickens are almost fork-tender (1½ to 2 hours), brush well with the barbecue sauce. Sauce may also be put inside chickens for added flavor. Brush occasionally with sauce until chickens are done. Serve hot with remaining sauce.

Family Lunch

Tangy way to serve ground meat.

Indoor barbecued hamburgers, toast, snap beans, melon ball compote, beverage.

Indoor Barbecued Hamburgers

Ingredients: 1 pound ground chuck beef, 1 tablespoon butter or margarine, salt, pepper, ¼ cup water, 2 tablespoons catchup, ¼ cup chili sauce, 1 teaspoon Worcestershire sauce.

Method: Make 4 patties of the beef. Melt butter in skillet (9 or 10 inches) until very hot. Brown beef patties in hot butter on both sides, sprinkling with salt and pepper to taste. Meanwhile in a small bowl mix together the water, catchup, chili sauce and Worcestershire sauce. Pour into skillet. Continue to cook over low heat until sauce is hot and meat patties are at desired doneness. Serve over toast.

Perfect Summer Dessert Is Found

By CECILY BROWNSTONE
Associated Press Food Editor

Eight tasters gave their full approval to this Lime Souffle Cake as a perfect summer dessert. It has a delicate flavor, a puffy but substantial texture, and is easy to make.

Although there is no cream or cottage cheese in this dessert, it will remind you of a light-as-air cheese cake. Three ingredients—eggs, sweetened condensed milk and fresh limes—achieve the interesting filling.

The crust and topping are a combination of zwieback crumbs, sugar and melted butter or margarine along with finely chopped walnuts. We borrowed the idea of adding the nuts from a professional caterer and they add immeasurably to the dessert.

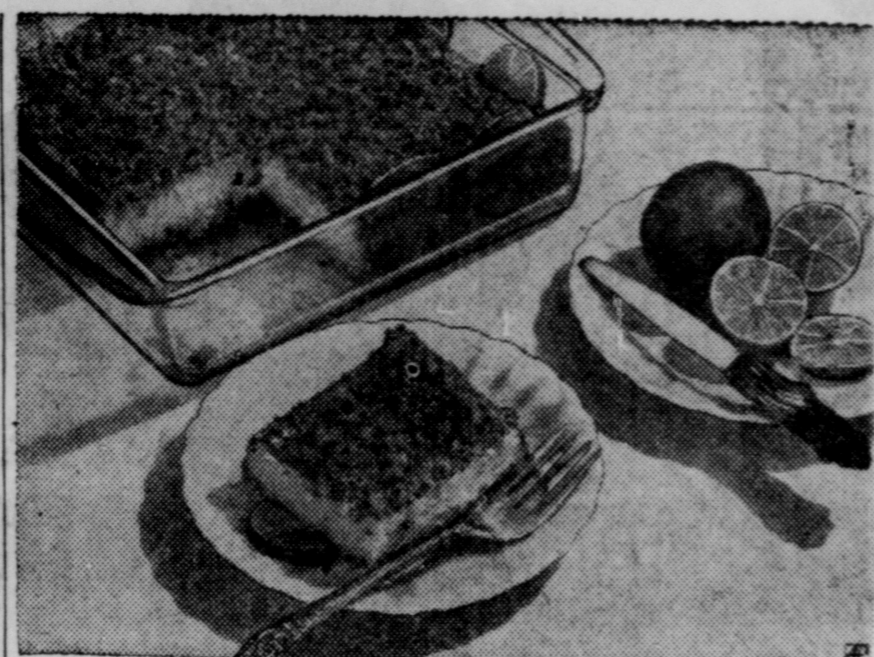

If you plan to offer this Lime Souffle Cake as a supper party dessert, you may wish to prepare it an hour and a half to two hours before it is to be served.

This method is practical because the dessert is baked for half an hour in a slow oven and then it is cooled in the oven (with the door closed) with the heat shut off. When it is removed at the end of the cooling period, it will be warm, high and puffy—a delight to savor. Or you can prepare dessert well ahead and serve it cold; in this case it will shrink an inch or so in height but it will still taste delicious.

Ingredients: 4 large eggs (separated), 1 can (15 ounces) sweetened condensed milk (1-1/3 cups), 1 teaspoon grated lime rind, 1-3 cup lime juice, 2-3 cup fine zwieback crumbs, 2 tablespoons sugar, 2 tablespoons butter or margarine (melted), ¼ cup very finely chopped walnuts (packed down).

Method: Beat egg yolks in medium - sized mixing bowl with rotary beater (hand or electric) until thick and almost white in color. Add condensed milk and beat until blended. Add grated lime rind and lime juice and beat again until blended. With clean rotary beater, beat egg whites until stiff enough to hold a peak that stands straight up, when beater is slowly withdrawn. Fold beaten egg whites into milk mixture. Mix zwieback crumbs and sugar together well; mix thoroughly with melted butter.

Pat half of mixture into bottom of well-buttered pan (about 8 by

8 by 2 inches). Stir finely chopped walnuts into remaining half of crumb mixture; pat about half of crumb mixture over the others with door closed 1 hour. Remove in the pan. Turn lime mixture and serve at once; or allow to get over crumbs; sprinkle with remaining walnut-zwieback crumbs. Serves 8.

For sauce: melt 4 tablespoons butter in saucpan; stir in 3 tablespoons flour. Gradually add 1 cup sherry or water, stirring constantly until sauce is reduced by one-half. Add 2 cups hot heavy cream, salt, pepper, cayenne and a very small pinch of nutmeg and a little dry mustard. Pour sauce over steamed food in casserole. Place casserole in shallow pan of water and

Summer Festival Dessert Has Fruit Flavors

Easy gelatin desserts are popular with cooks who dislike complicated dishes which require stirring over a hot stove. Too, summertime appetites, already jaded by heat, are tantalized by cool, colorful combinations. And what could be more tempting than this Summer Festival Dessert. It combines fruit flavors and whipped cream for a real treat — 1 cup packaged graham cracker crumbs, ¼ cup butter or margarine, melted, 2 cups whipping cream.

Summer Festival Dessert
1 package orange-flavored gelatin, 1 package cherry-flavored gelatin, 1 package lime-flavored gelatin, 3 cups hot water, ½ cup cold water, 1 cup pineapple juice, ¼ cup sugar, 1 package lemon-flavored gelatin, ½ cup cold water, 1 cup packaged graham cracker crumbs, ¼ cup butter or margarine, melted, 2 cups whipping cream.

Prepare the first 3 packages of gelatin separately, using 1 cup hot water and ½ cup cold water for each. Pour into separate 8x8x2 inch pans and chill until firm. Combine pineapple juice and sugar and heat until sugar is dissolved. Remove from heat and dissolve lemon gelatin in hot liquid.

solve lemon gelatin in hot liquid; Chill just until syrupy. Mix graham cracker crumbs with melted butter. Then press crumb mixture smoothly over bottom of a 9-inch spring-form pan. Whip cream and fold into syrupy lemon gelatin. Cut the firm orange cherry, and lime gelatin into cubes about ½-inch square. Fold into whipped cream mixture; then pour into spring-form pan. Chill 8 hours in refrigerator. Before serving, remove sides of pan only. Frost sides of dessert with ½ cup of cream, whipped and sweetened, if desired. Serves 16.

Sunday Dinner

Roast turkey with cornbread stuffing, cranberry sauce, green peas, salad, bread tray, frozen coffee meringues, beverage.

Frozen Coffee Meringues
Ingredients: ½ cup milk, ¼ pound (16 large) marshmallows, 1 tablespoon instant coffee powder, 1 egg yolk, 1 cup heavy cream, individual meringue shells, salted pecans or mixed nuts.

Method: Heat milk, marshmallows and coffee powder in a saucepan (about 1 quart), stirring constantly, until marshmallows are melted. Remove from heat. Beat egg yolk slightly; vigorously stir a little of the coffee mixture into the beaten egg yolk; stir back into coffee mixture. Set saucepan in a pan of ice cubes (with a little water) until mixture is well thickened but not completely set; stir often during this chilling to keep texture even. Whip cream until thick; fold into coffee mixture. Turn into ice-cube tray and freeze rapidly until firm; store at a temperature that will keep dessert firm.

At serving time put scoops or large spoonfuls of coffee cream into meringues and garnish with salted pecans. Makes 8 servings.

Saturday Supper

Sliced smoked tongue, potato salad with pickled mushrooms, chutney, prepared mustard, pumpkin-nickel bread, bread sticks, berry cream cake, beverage.

Potato Salad with Pickled Mushrooms
Ingredients: ¾ cup mayonnaise, 1 teaspoon sugar, 2 tablespoons red wine vinegar, 1 quart cooked diced (½-inch cubes) potatoes (about 1½ pounds before cooking), ¼ cup finely diced celery, ¼ cup minced parsley, 2 large green onions (scallions), salt, pepper, romaine and chervil or other salad greens, pickled mushrooms.

Method: In a large bowl, mix together thoroughly the mayonnaise, sugar, and wine vinegar. Add potatoes, celery and parsley. Slice onions fine, including all the green tops, then chop fine; add to potato mixture with salt and pepper to taste. Refrigerate.

Dried apricots, snipped into thin slices, are delicious added to a nut bread.

While sailboats and yachts moved past, we worked our way through the menu: a seven-rib standing roast, a scallop and crabmeat casserole, fresh peas, chicken, tuna, and asparagus tip salads, plus a battalion of cold cuts, potato salad and cold boiled lobsters piled in great mounds. Also hors d'oeuvres of every description and garden relishes. Desserts — whipped cream rolls, mocha eclairs, Neapolitan slices, cheese cake and pecan pie.

We talked with Swis-born, European trained chef Walter Gassler, who gave us the secret of his scallop and crabmeat casserole. Harbor View Scallop and Crabmeat Casserole (6-8 servings)
Sauté 4 cups small bay scallops and 2 cups king crabmeat in 3 tablespoons butter. Sprinkle with salt and pepper. Pour over 3 tablespoons cognac or lemon extract. Ignite. When flame has burned out, turn sea food and juice into casserole. Scatter very thin

Patio and yard furniture faces rugged weathering from sun, showers and dust. To save cleaning bills on clothing and keep furniture in good condition, it should be washed, and perhaps waxed at least once during the season. A protective coating of shellac keeps rattan furniture (which is not exposed to rain) cleaner.

A little grated orange rind and lemon juice benefits vanilla-flavored tapioca mix. Stir in just before cooling.

WOULD BACK CELEBREZZE

CLEVELAND (AP) — Mayor Anthony J. Celebrezze, who won office as an independent and has announced he will seek re-election this fall, apparently can become the Cuyahoga County Democratic organization's candidate if he chooses.

At a meeting of Democratic ward leaders Tuesday, Co-Chairman Dan Duffy said he saw "no reason we shouldn't accept him (Celebrezze)."

Columbiana Merchants End Thursday Night Shopping

Business Didn't Warrant Two Open Nights, Owners Claim

COLUMBIANA — The Columbiana merchants at a meeting this week decided to abandon Thursday evening shopping hours. The change, effective today, does not affect the stores in the new Plaza Market building where three stores will continue both the Thursday and Friday evening schedule.

Most of the merchants found that two shopping evenings a week were not justified by the volume of business, chairman William Furney of the Chamber of Commerce retail merchants' committee called the meeting.

PART of the former Harrold Tool Co. plant is being torn down. The company occupied its new plant at the western edge of town some time ago.

R. V. Harrold, owner of the property, is reserving the brick and tile part of the building, cov-

ering about 7,000 square feet, for a small business.

The remainder of the wood building, covering about 15,000 square feet, is being razed, and will be converted into a parking lot.

APPLICANTS for the position of principal of Fairfield School will be interviewed at a special meeting of the board of education of Fairfield Waterford district at Fairfield School at 8:30 p.m. today. Joseph Driscoll of Leetonia, former principal, was recently promoted to the post of executive head of the district.

Cub Pack 17 of the Presbyterian Church held a camp-out Friday night at a private lake. It was in charge of Cubmaster Jack Lindsay.

The pack will go to Cleveland Aug. 24 for the baseball game between Cleveland and New York. On Aug. 28, the annual cover-

dish family picnic is scheduled for Firestone Park.

FIRESTONE PARK pool admissions have been running about 1,000 a day during the present hot spell. Last Sunday, some 1,200 used the pool.

Kilbuck Post, Veterans of Foreign Wars, will be host to the annual picnic of District 6 Sunday at Legion Park, near Millersburg. Theron G. Caldwell of Drexler Post is a charter member of the sixth district past commanders' association. Drexler Post had a leading candidate for the post of department surgeon in Dr. George Nicolette at the recent state convention in Toledo.

SURVEYORS have been at work in the vicinity of Union and Vine Sts. and the north-south and east-west alleys around the new Plaza Market building. They are fixing exact lines and locations for the disposal of storm water.

Selection of an instructor in instrumental music on the teaching staff of the Columbiana schools may not be made until the regular

meeting of the board of education Aug. 12.

Two Cited As Result Of Highway Crashes

Two women were arrested Wednesday following a pair of minor auto mishaps that occurred on district roads.

Lucille Evans, 57, of Joliet, Ill., was cited for making an improper left turn after she was involved in an accident with a car driven by Lester Strum, 17, of Lisbon on Rt. 45, one-half mile north of Lisbon, Wednesday at 2:55 p.m.

No one was hurt when cars driven by Herbert Combs, 82, of RD 1, Salem, and Janet Reeder, 19, of Hanoverton collided on Rt. 9 one mile south of Salem, Wednesday at 5:15 p.m.

Miss Reeder was cited for failing to stop in the assured clear distance after her car struck the rear of Combs' auto as she tried to pass him.

Note to brides: Halve a standard recipe for a salmon loaf and bake in custard cups.

FREED — Marine PFC Adolph Merten of East St. Louis, Ill., has been acquitted by a Japanese court. Merten was tried for the fatal shooting of a Japanese youth in a bar in Yokosuka last October.

FOUR OHIOANS HURT NEW KENSINGTON, Pa. — Four Ohioans were injured Wednesday when their cars collided on the Pennsylvania Turnpike near here.

They were Mr. and Mrs. Virgil Barkley of Marion, traveling in one auto; and Mary P. O'Malley, 18, and Helen Hromyko, 18, both of Cleveland, traveling in the other.

Barkley was hospitalized and reported in satisfactory condition. The others were treated for minor injuries and released.

SUCCESSOR TO FATHER ATLANTA (AP)—James M. Cox Jr. was named chairman of the board of directors of Atlanta Newspapers Inc. Wednesday to succeed his father, the late James M. Cox.

Stock control of the corporation, publisher of the Atlanta Journal and the Atlanta Constitution, remains with the Cox family. The family also publishes newspapers in Miami, Fla., Springfield, Ohio, and Dayton, Ohio.

Dry yeast does not dissolve easily in milk; that's why modern recipes suggest it be sprinkled over warm water.

Mental Health Group To Hold Workshop

LISBON — Members of the Columbiana County Mental Health Association met Wednesday noon at the Wick Hotel and named committees for a mental health workshop to be held sometime in November, if consultants agreed upon by the committee can be obtained as speakers.

Rev. C. O. Armstrong of Lisbon and Rev. A. Laten Carter of Salem, were named co-chairmen of the institute. Committee includes Bryce Kendall of Salem, president of the Columbiana County Mental Health Association; Probate Judge Louis Tobin of East Liverpool; and Miss Lillian Schroeder of Salem, secretary of the Columbiana County Health and Safety Society; Mr. and Mrs. Frank Solak, Salineville, publicity; Jack Rance, Salem, industrial and personnel; School Supt. Paul Hayes, Leetonia, schools; Rev. Carter, minister; Al Hartman, Lisbon, law and police. Tentative plans call for an all-day session to be held at the Methodist Church.

day session to be held at the Methodist Church.

Harly Kirkpatrick of Warren was a guest. He presented the local group with information on setting up the mental health workshop. He was an organizer of the Trumbull County Institute on Mental Health which was held last May in Warren.

COMMITTEE OKS BILL WASHINGTON (AP) — A bill by Rep. Hays (D-Ohio), authorizing compensation to owners of water wells near the New Cumberland Dam in Ohio for losses caused by lower water levels as a result of construction of the dam, was approved Wednesday by the House Public Works Committee.
